

Covid-19 Health Protocol

Les3chambres Paris

- Disinfection of keys before and after the stay

- Guests should remove their shoes in the entrance and not walk around the apartment with their shoes on

- Available in each room:
 - Self-service hydro-alcoholic gel
 - Disposable gloves for personal use
 - You are carefully invited to come with your personal washable mask. Please note that we will have within the limits of available stocks some single-use masks at your discretion.

- The ventilation of the rooms is done during the day and at least for 2 hours
- Linen management is provided by ELIS: European leader in the rental and maintenance of textile and hygiene articles
- Disinfection of sensitive areas with care (handles, windows, remote control, etc.)

- Instructions in the room indicating when and how the room was cleaned
- Each new arrival will be preceded by 24 hours free time to disinfect mattresses and mattress pads

- Finally, only 2 out of 3 rooms will be rented each day to avoid as much as possible to meet other guests

- The traditional French breakfast will also be served to you individually in the turquoise livingroom respecting a space of 1.5 meters between each host and/or at different times

- Payment is made automatically online and securely with your credit card information provided when booking, you have nothing to do

Everything is done to counter the spread of the Covid-19 and to make sure that everything is done to make your stay at Les3chambres Paris as smooth as possible in a soothing atmosphere

Your host, despite all the care taken to counter the virus, cannot be held responsible for any possible contamination beyond his control
